PROFESSIONAL SUMMARY

Data Analyst with a B.Sc. in Information Technology (CGPA 8.78/10, A+) and professional experience at General Mills India Center, a Fortune 500 FMCG company. Skilled in SQL, Python, Power BI, and Excel across EDA, ETL, data wrangling, and KPI dashboard development. Delivered end-to-end analytics projects spanning SaaS billing, telecom churn, and operational backlog monitoring across 100,000+ real-world records to support data-driven business decision-making.

TECHNICAL SKILLS

Data Analysis & Business Intelligence

Exploratory Data Analysis (EDA) · Statistical Analysis · Trend Analysis · Root Cause Analysis · Data Cleaning · Data Wrangling · Business Intelligence · KPI Reporting

Programming & Query Languages

SQL (Joins, Window Functions, CTEs, Aggregations) · Python (Pandas, NumPy, Matplotlib, Seaborn)

Data Visualization & Tools

Power BI · Excel (Advanced Formulas, Pivot Tables, Power Query, Dashboards) · Tableau (Basic)

Data Engineering & Platforms

ETL Processes · Data Modeling · Data Quality Validation · SQL Databases (MySQL, PostgreSQL) · Jupyter Notebook · Git/GitHub

PROFESSIONAL EXPERIENCE

Graduate Trainee, Data Associate General Mills India Center (GIC), Powai, Mumbai (Via HGS)

Mar 2026 – Present

- Supporting North America sales operations within the FSA (Field Sales Assistant) team across key retail accounts
- Managing ad contract creation, tracking, and data validation using Excel and internal tools including Trade Planner and NielsenIQ
- Gaining hands-on exposure to FMCG trade marketing operations including retailer incentive structures, promotional ad contracts, and scheme management
- Working within a Fortune 500 commercial analytics environment supporting retail account performance for the North America market

PROJECTS & ANALYTICS EXPERIENCE

Revenue Leakage Detection & Recovery – SaaS Billing Forensics

Tools: SQL, Python, Power BI, Excel

Dec 2025 – Dec 2025

- Built an ETL workflow using SQL and Python to integrate subscription, invoice, and payment tables into an analytics-ready dataset with structured transformations.
- Conducted exploratory data analysis and root-cause analysis to identify four revenue leakage categories totalling **\$18,348.15 in losses**.
- Authored advanced SQL queries using joins, window functions, and CTEs to segment customers and highlight high-risk revenue recovery opportunities.
- Developed an interactive **Power BI KPI dashboard** enabling stakeholders to monitor recovery opportunities and billing anomalies.

Operational Backlog Monitoring & Risk Analysis

Tools: Microsoft Excel (PivotTables, Slicers, Power Query, Charts)

Feb 2026 – Feb 2026

- Processed **100K+ NYC 311** service request records using Excel Power Query to clean, transform, and structure operational data for analysis.
- Performed trend and statistical analysis on service resolution metrics to detect backlog growth and delayed response patterns.
- Built an interactive Excel KPI dashboard using PivotTables, slicers, and charts to visualize agency-level demand and resolution efficiency.
- Designed an aging bucket analysis (90+ days) to identify extreme delays and support operational prioritization decisions.

EDUCATION

- B.Sc. in Information Technology**, University of Mumbai: Jul 2022 - Apr 2025 | CGPA: 8.78/10 (A+)
- HSC (Science)**, Maharashtra State Board: 2022 | 59.17%
- SSC**, Maharashtra State Board: 2020 | 73.00%

CERTIFICATIONS

- Data Analyst Course at Quastech Institute**: Practical training in SQL, Python, Excel, and Power BI covering data cleaning, analysis, and dashboard development.
- Oracle Analytics Cloud 2025 CP**: Certified in data modeling, visualization, and augmented analytics using Oracle Analytics Cloud.
- Deloitte Data Analytics Simulation**: Applied data cleaning, analysis, dashboard development, and client reporting in a simulated consulting project.
- Introduction to SQL (DataCamp)**: Learned database querying, filtering, aggregation, joins, and relational data analysis using SQL.
- Introduction to MS Excel**: Developed foundational skills in Excel for data preparation, analysis, and reporting.

ACHIEVEMENTS & HIGHLIGHTS

- Graduated with **A+ academic performance (CGPA 8.78/10)** in B.Sc. Information Technology.
- Completed **four end-to-end analytics projects** across SaaS billing, telecom churn, operational backlog monitoring, and IT service management analytics.
- Analyzed **100K+ real-world datasets** across multiple domains to identify trends, operational risks, and performance insights.
